## SUMMIT 2020

Globalisation | Capitalism | Democracy | Society

30 January 2020 | Steigenberger Wiltcher's, Brussels

### Event Overview & Sponsorship Prospectus

## Summary

This conference will look at how relationships between trading blocs are evolving, the interplay and engagement between government, the private and public sectors, whether globalisation, in its political, economic and cultural guises, is indeed in decline, and what a weakening of global interdependence could mean in the longer-term.

A full programme will be released shortly, for more details visit: [www.interdependence-summit.eu](http://www.interdependence-summit.eu)
