SHOWCASE SESSION 2

DAY 2 – Wednesday November 11 – 10:30 – 11:15

Stage 1: **5G Spectrum, Enabling Emerging Technologies and Empowering the Digital Economy / Espectro 5G, Habilitando Tecnologías Emergentes y Potenciando la Economía Digital**
(Hosted by Huawei)

5G networks are emerging not only as the foundation for advanced communication services, but also as the infrastructure supporting socio-economic development and driving industrial digital transformation. Spectrum and regulation play a fundamental role in making 5G a success, ensuring timely availability of the spectrum under appropriate conditions to allow the wireless market to respond to consumer and industrial demand for services.

Las redes 5G están surgiendo no solo como la base de los servicios de comunicación avanzados, sino también como la infraestructura que respalda el desarrollo socioeconómico y que impulsa la transformación digital industrial. El espectro y la regulación juegan un papel fundamental para que la 5G sea un éxito, asegurando la disponibilidad oportuna del espectro en las condiciones adecuadas para permitir que el mercado inalámbrico responda a la demanda de servicios de los.

Presentation from Galileo Hall by Cesar Funes, Public Relations VP, Huawei Latam & Liyangqing, Huawei

Stage 2: **5G, ITS, 6 GHz, C-V2X... all roads lead to Qualcomm / 5G, ITS, 6 GHz, C-V2X... todos los caminos llevan a Qualcomm** (Hosted by Qualcomm)

Presentations followed by live Q&A with **Hector Marin**, Senior Director, Government Affairs, Qualcomm and **Milene Franco Pereira**, Manager, Government Affairs at Qualcomm

Stage 3: **WRC-23 – Satellite Operators' Perspectives / WRC-23 – Perspectivas de los operadores de satélites** (Hosted by GVF/GSC)

Panel discussion moderated by **David Meltzer**, Secretary General, GVF, featuring **Paulo Bertram**, Consultant Engineer, Claro/StarOne, **Adrian Herbera Gonzalez**, Orbit-Spectrum Engineer, Hispasat, **Hector Fortis**, Director of Regulatory and International Affairs, Eutelsat and **Michelle Caldeira**, Diretora Regulatoria, SES.
