

RE: **13th Latin America Spectrum Management Conference**
1–2 September 2026 | Costa Rica

Dear Sir/Madam,

We would like to cordially invite you to attend the [13th Latin America Spectrum Management Conference](#), to take place at Hotel Barceló San José, **Costa Rica**, on **1–2 September 2026**.

The event is organised by Forum Global and kindly hosted by the **Superintendencia de Telecomunicaciones – SUTEL Costa Rica**.

The conference is taking place as part of the [Global Spectrum Series](#), the world's largest collection of regional spectrum events. It will bring together senior-level representatives from policymakers, regulators, industry and academia for discussions on key spectrum management issues for the Latin American region, including WRC-27, 5G expansion, spectrum strategy connectivity, visions in the upper 6 GHz band, spectrum licensing and pricing models, the path to 6G, D2D in Latin America, multi-orbit satellite ecosystems, flexible spectrum frameworks and maximising the value of mid-band spectrum.

For more information on the conference, including practical information, the agenda, confirmed speakers, and online registration, please visit latam-spectrum.com or contact spectrumlatam@forum-global.com.

We look forward to your participation in this event.

Yours sincerely,

Dan Craft
Partner & Managing Director
Forum Global

Carlos Watson Carazo
President
SUTEL Costa Rica
