The Brussels Pharmaceuticals Conference

What cure for the pharmaceuticals industry in Europe?

About the Brussels Pharmaceuticals Conference

The Brussels Pharmaceuticals conference is a major new annual event launching on the 9th December this year. This high-level event will bring together all the relevant major European industry associations and patients groups, as well as representatives from the European Commission and Parliament, and policymakers at a national level. With sessions focusing on the public health implications of the financial crisis, the drive for transparency, and the evolving nature of pricing and reimbursement strategy, this conference will take an over-arching political and strategic view of the future of the pharma industry in Europe.

Sponsorship of the Brussels Pharmaceuticals Conference

There are a number of different ways in which you will benefit from taking out a sponsorship package at the Brussels Pharmaceuticals Conference. Simply having your name and brand associated with a high-level event such as this can be extremely valuable and it provides a great opportunity to raise your profile within the industry and with high level policy and decision makers. Perhaps most importantly however, it also enables your company representatives and guests to gain access to the exclusive VIP sessions that are invitation only and take place alongside the main event.

There are two separate sponsorship packages available for the event, designed to offer optimum exposure for the budgets that are available. Details of these can be found on the following pages. For more information on the packages and to discuss your sponsorship requirements, please contact Dan Craft on dan.craft@forum-europe.com or call +44 (0) 2920 783 021.
